"Most Americans are suffering from moderate to high stress, with 44 percent reporting that their stress levels have increased over the past five years. Concerns about money, work and the economy top the list of most frequently cited sources of stress"

American Psychological Association, *Stressed in America*, January 2011, Vol 42, No. 1

What people are saying:

"This is a great product. We all have adrenal fatigue to some degree so this product has become a regular in my practice."

Nutritionist from Sausalito, CA

"My client calls these magic pills! The difference is black and white for her and she says she can't live without them. Great adrenal support while boosting energy and mental focus - most of the time one tablet will do the trick. Great product"

Nutritionist from Burlingame, CA

"I have been using this product for a few years now. I love the fact that they offer high quality whole food supplements. Also, the company is very knowledgeable and professional. I like that they value my opinion. Overall INNATE Response is a must for my daily nutrition"
