

## Allergy Response<sup>™</sup>

Supports a healthy allergy response<sup>♦</sup>

- 500 mg of quercetin
- Botanical support of nettle leaf, Chinese skullcap and tinospora extract
- 200 mg of a vitamin C blend including FoodState<sup>®</sup>

40144 - 60 tablets

### Mast Cell Support

Mast cells are activated to release histamine during the body's response to an allergen. Quercetin stabilizes mast cells and supports healthy levels of histamine.<sup>♦</sup>

### Botanical Support

Tinospora cordifolia and Chinese Skullcap have been traditionally integrated into nutritional protocols that aim to support healthy immune reactions.<sup>♦</sup> Tinospora cordifolia is an herb used in traditional Indian (Ayurvedic) medicine for supporting longevity and immune function.<sup>♦</sup> Chinese Skullcap, Scutellaria baicalensis, has also demonstrated a profound ability to help maintain healthy inflammation and histamine levels.<sup>♦</sup>

### The Power of FoodState Vitamin C

The vitamin C in this formula includes our FoodState vitamin C, which utilizes fresh oranges and is concentrated with our nutrient preservation process crafting the most complete whole food nutrients available today. A fascinating study was published in the 2002 Nature Journal that outlined a comparison of whole foods containing vitamin C and its supportive bioflavonoids against ascorbic acid alone. The results show that a whole food comprised of approximately 5.7 mg vitamin C and other bioactive compounds e.g. flavonoids, etc. exhibited an antioxidant activity equivalent to that of 1500 mg of ascorbic acid.

Allergy Response<sup>™</sup>

## A Look At Key Ingredients:

**Tinospora:** A 2005 study demonstrated the positive impact Tinospora has on promoting a healthy immune and inflammatory response.♦

**Source:** Badar VA, Thawani VR, Wakode PT, et al. Efficacy of Tinospora cordifolia in allergic rhinitis. J Ethnopharmacol 2005;96:445-9.

**Quercetin:** A flavonoid that supports a healthy allergic response and stabilizes mast cell activity.♦

**Source:** Weng Z, et al. Quercetin is more effective than cromolyn in blocking human mast cell cytokine release and inhibits contact dermatitis and photosensitivity in humans. PLoS One. 2012;7(3):e33805. doi: 10.1371/journal.pone.0033805.

**Chinese Skullcap:** Data suggests that Scutellaria baicalensis may prove to be useful in promoting a healthy inflammatory response and histamine levels.♦

**Source:** Jung HS, et al. Antiallergic effects of Scutellaria baicalensis on inflammation in vivo and in vitro. J Ethnopharmacol. 2012 May 7;141(1):345-9. doi: 10.1016/j.jep.2012.02.044. Epub 2012 Mar 3.

## Supplement Facts

Serving Size 2 Capsule

Amount per Serving	% Daily Value ▼	
Vitamin C (as Calcium Ascorbate, FoodState®*, Ascorbyl Palmitate).....	200 mg	333
Quercetin .....	500 mg	**
Tinospora cordifolia Extract 4:1 (root & stems) ..	400 mg	**
Nettle Leaf Extract 4:1 ( <i>Urtica dioica</i> ).....	200 mg	**
Baikal Skullcap Root Concentrate 4:1 ( <i>Scutellaria baicalensis</i> ) .....	100 mg	**
* FoodState Nutrients™      ** Daily Value not established		

**Other Ingredients:** Cellulose

**FoodState Nutrient Sources:** Orange Fruit
