Supplement Facts

Serving Size 1 Capsule
Servings Per Container 90

| Amount Per Serving | % Daily Value |
|--|---------------|
| Tzyme™ Enzyme Blend | 353 mg |
| Dipeptidyl peptidase IV | 500 DPP-IV † |
| Protease Blend | 46,890 HUT † |
| Phytase | 90 FTU † |
| Alpha-galactosidase | 525 GalU † |
| Amylase | 3495 DU † |
| Pectinase | 30 endo-PGU † |
| Glucoamylase | 12 AGU † |
| Diastase | 42 DP † |
| Lipase | 340 FIP † |
| Invertase | 14 SU † |
| Lactase | 140 ALU † |
| Protease 3.0 | 2 SAPU † |
| Alkaline protease | 100 USP † |
| Cellulase | 60 CU † |
| Hemicellulase | 60 HCU † |
| Bifidobacterium infantis (300,000,000 CFU at time of formulation) | 30 mg † |
| Herbal Blend | 63 mg † |
| Fennel (seed), Ginger (rhizome), Flax seed, Peppermint (leaf), Artichoke (leaves) extract | |

† Daily Value not established

OTHER INGREDIENTS: CELLULOSE, WATER

RECOMMENDED USE:

One (1) capsule at the beginning of every meal or snack with at least 8 oz. of liquid. Usage may be increased according to need as directed by health care practitioner.

Available in bottles of 90 capsules.

NO FILLERS/NON-ALLERGENIC

Assists the digestion of complex carbohydrates and gluten*

Avoidance of wheat products may not be enough to maintain a gluten-free diet. For example, did you know that gluten is used as a food additive and may be present as a stabilizing agent in salad dressings, ice cream, and even ketchup? Our unique Carbo-G™ formula was created to complement those seeking a gluten-free lifestyle by encouraging more complete digestion and absorption of grains.*

- **Polysaccharolytic Enzyme Blend.** Gluten proteins in wheat products are surrounded by a starchy endosperm cell, which can more effectively be broken down with the alpha-galactosidase, phytase, amylase, glucoamylase, and diastase enzymes included in Carbo-G™.*
- **Proteolytic Enzymes.** In addition to our traditional protease blend, this formulation includes DPP-IV which helps break down some of the stubborn peptides found in grain that are often implicated in gluten intolerance.*
- **Probiotics.** These "good" bacteria naturally present in the gut help support digestion to assist in maintaining optimum intestinal balance.*
- **Herbal and prebiotic plant fiber.** Includes several herbs known for their ability to promote gastrointestinal health.*

Health Benefits: Transformation's Professional Protocol Carbo-G™ is a digestive enzyme supplement designed to help reduce the symptoms of occasional bloating, diarrhea, gas, and abdominal cramps associated with diets high in complex carbohydrates.*
