

Derma-T Tropin™

CONCENTRATED GROWTH FACTORS THAT RESTORE AND MOISTURIZE YOUR SKIN

Derma-T Tropin 100 mcg is a 100% natural formula that utilizes a topical delivery system enhanced with emu oil, jojoba oil and lavender oil. This topical formula utilizes specialized 43:1 concentrated whole extract of exceptional quality deer antler velvet and delivers topically a full matrix of 18 growth factors, 6 types of collagen, elastin, hyaluronic acid, vitamins A&E and 10 moisturizing fatty acids. This powerful all natural formulation is a multifunctional serum for topical cellular regeneration.

Suggested usage for wrinkles, scars, acne, varicose veins, Psoriasis, sun damaged skin and moisturizing.*

Surgical Recovery

Growth factors such as IGF-1, Fibroblast Growth Factor, Transforming Growth Factor and Endothelial Growth Factor play an important role in helping recovery from surgery and abrasive skin treatments. Additionally, the natural bacteriostatic, anti-inflammatory and cell regenerating properties of Emu Oil help the healing process.

Anti-Aging

The growth factor matrix in Derma-T Tropin helps skin re-store damaged cells giving skin a healthy and youthful appearance.

Wrinkles

The 6 different types of collagen found in the Velvet Antler Extract are plumping agents for the skin that help combat unwanted wrinkles.

Skin Diseases

The many Growth Factors and other constituents in Derma T Tropin will give your skin an advantage when combating effects of eczema, psoriasis and shingles.

Moisturizing Emu and Jojoba Oil are excellent moisturizers that are well absorbed by the skin.
