† Daily Value not established

Other Ingredients: Cellulose & Water

Did You Know? It is often desirable to supplement with additional lipase if your health goal is healthy gall bladder support, cholesterol balance, healthy bowel movement, and healthy skin.*

RECOMMENDED USAGE:

Take one (1) capsule with every meal. Usage may be increased according to need as directed by health care practitioner.

Available in bottles of 60 capsules.

NO FILLERS/NON-ALLERGENIC

Digestive formula with lipase for enhanced fat digestion*

Complete digestion of food molecules with digestive enzymes helps reduce food intolerances and encourages a healthy and efficient immune system. Adequate absorption of essential fatty acids is also necessary to maintain healthy skin and membrane structure in cells throughout the entire body.

- Digestive Enzymes. This enzyme-only formula is designed to assist the proper digestion of fats, starches, and proteins with particular focus on enhanced fat digestion.*
- Focus on Lipase. The lipase in LypoZyme™ supports occasional indigestion related to dietary fats, provides the body with a feeling of satiety which helps controls appetite, and supports cholesterol and triglyceride levels already within the normal range.
- Product Combinations. This well-tolerated formula is a good addition to other digestive formulas. Use with DigestZyme™ during a meal that is high in fat content to add extra lipase for improved fat digestion, with BalanceZyme Plus™ for extra assistance in weight management, and with TPP EFA 1200mg™ to increase the body's ability to utilize essential fatty acids.*

Health Benefits: Transformation's LypoZyme[™] is uniquely formulated with lipase for supporting healthy fat digestion, cardiovascular health, and weight management.*
