## Supplement Facts

Serving Size 1/4 tsp (1 g)

Servings Per Container about 42

Amount Per Serving	% Daily Value	
Enzyme Proprietary Blend	506 mg	†
Amylase	20,000 DU	†
Protease	60,000 HUT	†
Lipase	400 FCC LU	†
Invertase	1.6 IAU	†
Diastase	400 DP <sup>o</sup>	†
Lactase	600 ALU	†
Cellulase	200 CU	†

† Daily Value not established

Other Ingredients: Maltodextrin, Water

### RECOMMENDED USAGE:

Infants to 3 years of age: 1/8 tsp mixed in a spoon of tepid water or with food. Children to adult: 1/4 tsp on the tongue or mixed as above. Take with every meal and as needed. Do not add to a bottle of baby formula or sprinkle it on a serving of food because it will digest the food in the container. Usage may be increased according to individual needs as directed by health care practitioner.

Available in bottles of 41.5g (1.46 oz)

NON-ALLERGENIC

## A non-encapsulated digestive enzyme formula\*

To benefit from all the nutritious components of our food, a healthy digestive system is needed. Supplementing with digestive enzymes is a vital part of getting cells the nutrients they need. Once the food is broken down into simple nutrients, the body can then assimilate these for energy, growth, and repair. Our powdered digestive enzymes formula is ideal for children, infants, the elderly, and people with difficulty swallowing capsules.\*

- **Enzyme Blends.** The digestive enzymes in this product for encouraging more complete digestion include a polysaccharolytic blend with amylase for digestion of starch, protease for digestion of protein, and 400 FCC LU of lipase for digestion of fat.\*
- **Powdered Product.** Powdered DigestZyme™ is a unique formula and NOT the same as DigestZyme™ capsules.
- **Digestive Support.** This product provides digestive support for reduced food intolerances and relief from occasional indigestion and gas.\* For occasional diarrhea or occasional heartburn, use in combination with GastroZyme™.\*

**Health Benefits:** Transformation's Powdered DigestZyme™ is gentle formula of GI stable and functional digestive enzymes designed to safely and effectively support the digestion of proteins, carbohydrates, and fats.\*
