Available in bottles of 60 capsules.

NO FILLERS/NON-ALLERGENIC

Natural support for the immune system*

The lymphatic system plays a vital role in immunity. It is comprised of highly specialized glands called lymph nodes that filter foreign material and produce immune cells for protection. Supporting the immune system means supporting the body's natural defenses. The proprietary blend of ingredients in Protease IM™ helps provide natural support for this all-important biological system.*

- **Natural Ingredients.** The antioxidants Vitamin C, Vitamin A, and Zinc are combined with the herbs Astragalus, Echinacea, Red Clover, Goldenseal, and Quercetin which are known for their ability to promote overall immune system function.*
- **Glandular Support.** The animal glandulars raw bone marrow and thymus are included in this formula with an enzyme blend with protease for improved delivery.*
- **Did You Know?** Protease IM™ works best when taken together with a protease formula such as Protease™, Protease 375K™, or PureZyme™.* Protease IM™ is also commonly combined with Immune AV™ and Intestinal Support™ for maximum immune system support.*

Health Benefits: Transformation's Professional Protocol Protease IM™ was specifically designed to support a healthy lymphatic system for optimum immune benefits.*
